Education

Lovely Professional University

B.Tech in CSE - 7.09 CGPA

A.S.M Convent School

Class XII – 65%, CBSE Board

Phagwara, Punjab

2023 - 2027

Ballia, UP

2022 - 2023

Technical Skills

Programming Languages: Java, C++, HTML, CSS, JavaScript, C, Python

Libraries and Frameworks: Flask, OpenCV, SpeechRecognition, NumPy, Scikit-learn, Seaborn, Matplotlib, Pandas, Tailwind, Node.js

Development Environments: Linux/Unix (development, scripting, debugging)

Concepts: Data Structures and Algorithms, Machine Learning, Natural Language Processing, Object-Oriented Design

Projects

AI-based Music Mood Recommender

Feb 2025 - June 2025

Project@github

- Designed and implemented a **web platform** that recommends songs based on detected user mood through text, voice, or facial expressions.
- Built scalable backend services using **Python** and **Flask**.
- Integrated **OpenCV** and **SpeechRecognition** for multi-modal emotion detection.
- Developed a responsive, real-time web interface with **HTML**, **CSS**, **JavaScript**, supporting concurrent users.
- Created and tested robust emotion recognition pipelines while maintaining user experience at scale.

Mumbai Real Estate Price Prediction

Jan 2025 - April 2025

Project@github

- Built a regression model to predict property prices using large housing datasets, ensuring data integrity and model accuracy.
- Conducted **exploratory data analysis (EDA)**, **outlier removal**, and visualization using **Pandas**, **Seaborn**, and **Matplotlib**.
- Trained and validated a **linear regression model** with **scikit-learn**, emphasizing generalization and predictive performance

Library Management System

May 2024 - July 2024

Project@github

- Built with **React** and **Next.js**, this web app allows users to book library slots, manage profiles, and submit inquiries online.
- Integrated Firebase** Auth for secure user login, registration, and session management with role-based access.
- Implemented dynamic slot booking with **real-time updates**, preventing overlaps and ensuring organized scheduling.
- Created an admin panel to view bookings, manage users, and respond to inquiries with a clean, **responsive UI**.

Key Achievements

- Solved 150+ **Data Structures and Algorithms problems** on LeetCode, with a contest rating of **1600+ (Top 23.12%)**.

Certifications

- Oracle Cloud Infrastructure 2025 Certified Data Science Professional – Oracle.
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional – Oracle.
- Cloud Computing – NPTEL
